

Utah State University
Department of Electrical & Computer Engineering

Application to Take Courses in the ECE Distance Education Program

_____ Enrichment Program*

_____ ME Degree Program**

*Enrichment Students are those who wish to take courses to further their knowledge in Electrical and Computer Engineering.

**Masters of Engineering (ME) Degree Students are those who wish to take courses and have the credits count toward a degree in Electrical and Computer Engineering. A maximum of 12 credits can be taken before becoming a fully-matriculated graduate student. This means applying to the USU Graduate School with complete application documents including GRE, having your application review by the ECE Graduate Committee, and being accepted into the ECE Graduate ME Degree Program.

Mail completed form and transcript to: Mary Lee Anderson, Utah State University, Electrical and Computer Engineering, 4120 Old Main Hill, Logan UT 84322-4120 • Fax 435-797-3054 • Email: marylee@ece.usu.edu
